

Daniel D. Price, MD

Office: Department of Emergency Medicine
ACMC Highland General Hospital
1411 East 31st Street
Oakland, CA 94602
Fax: 510.437.8322

Home: 1424 Lincoln Street
Berkeley, CA 94702
Cell: 510.333.8636
Email: danprice1@mac.com

Employment

Attending Physician, Emergency Medicine
Director, Emergency Ultrasound Fellowship
Alameda County Medical Center — Highland Campus
August 2001 to present

Assistant Professor of Emergency Medicine
Oregon Health & Science University
July 1997 to August 2001 (now Adjunct Clinical Assistant Professor)

Medical Director
Life Flight Network, Portland
July 1999 to August 2001

Emergency Physician
Legacy Emanuel Hospital & Health Center
July 1997 to July 2001

Physician Advisor
Clackamas County, Hillsboro, Cornelius, Forest Grove & Gaston Fire Departments
July 2000 to July 2001

Education

Air Medical/Research Fellowship
Oregon Health & Science University, Life Flight Network, Legacy Emanuel Hospital
July 1997 – December 1998

Residency, Emergency Medicine
University of California Davis Medical Center
June 1994 – June 1997

Partial residency, Clinical & Anatomic Pathology
University of California Davis Medical Center
June 1992 – June 1994

M.D. Loma Linda University
August 1987 – May 1992

B.S. George Fox University
October 1982 – June 1986
Summa cum laude: biology & international studies

Honors

Junior Faculty Teaching Award
OHSU Emergency Medicine Residents — 1998

Alpha Omega Alpha
Medical honor society — 1998

Outstanding Resident
UC Davis Emergency Medicine Residency Program — 1997

Most Valuable Player
UC Davis Emergency Medicine Residency Program — 1997

Apple Computer Newton Jump-start Grant
For software development (1 of 12 in U.S.) — 1993

Outstanding Student Researcher
Walter E. Macpherson Society — 1991

Robert Wood Johnson Foundation Scholarship
Rutgers University School of Alcohol & Drug Studies — 1988

Certification

American Board of Emergency Medicine — Diplomat, 1998 to present

Advanced Trauma Life Support — Instructor, 1998 to present

Advanced Cardiac Life Support — Instructor, 1994 to present

Pediatric Advanced Life Support — Provider, 1994 to present

Medical license — California (active), Oregon (inactive),

Languages

Spanish

Haitian Creole

Family

Wife: Linda SC Price MD, MS —Chair, Maternal Child Health, APMC Highland Hospital

Children: Zoe (11 years old), Maya (8 years old)

Interests

Photography, rock climbing, running, reading (science fiction, poetry, classics), sake

Invited presentations

International

Critical Care ultrasound course — Jaslok Hospital & affiliated medical school, Mumbai, India, November 21, 2007

Surgical ultrasound course — International Center for Training, Ahmedabad, India, November 19-20, 2007
(through Columbia University for “Surgeons from district Hospitals, Superintendents of civil Hospitals, Professors from V.S. Municipal Hospital and N.H.L. Medical college, and Civil Hospital and B.J. Medical College)

Critical care ultrasound course — Gathering of leaders in critical care in central India, Bhopal, India, November 18, 2007

- Emergency ultrasound course — EMCON 2007 National Conference of the Society for Emergency Medicine in India, Sri Ramachandra Medical College & Research Institute, Chennai, India, November 16, 2007
- Emergency ultrasound course — International Conference on Emergency Medicine in the Developing World, Cape Town, South Africa, October 4, 2007
- Emergency ultrasound course — Pre-conference course for the International Conference on Emergency Medicine in the Developing World, University of Cape Town, Cape Town, South Africa, October 3, 2007
- Emergency ultrasound in the pediatric patient — 3rd World Congress on Ultrasound in Emergency & Intensive Care, Paris, France, May 10, 2007
- Abdominal pain in children ultrasound workshop — 3rd World Congress on Ultrasound in Emergency & Intensive Care, Paris, France, May 10, 2007
- Emergency ultrasound in the pediatric patient — 2nd World Congress on Ultrasound in Emergency & Intensive Care, New York City, June 11, 2006
- Emergency ultrasound in the pediatric patient — 1st World Congress on Ultrasound in Emergency & Intensive Care, Milan, Italy, June 11, 2005
- Trauma ultrasound workshop — 1st World Congress on Ultrasound in Emergency & Intensive Care, Milan, Italy, June 11, 2005
- Ultrasound during helicopter transport — 1st World Congress on Ultrasound in Emergency & Intensive Care, Milan, Italy, June 12, 2005
- International network & out-of-hospital care forums — 1st World Congress on Ultrasound in Emergency & Intensive Care, Milan, Italy, June 10 & 12, 2005
- Emergency ultrasound lectures — Sir NH Hospital & Research Center and affiliated medical school, Mumbai, India, April 12, 2005
- Emergency ultrasound lectures — Multispecialty meeting of societies using ultrasound, Agra, India, April 9, 2005
- Emergency ultrasound course — III Congreso Internacional Medicina de Emergencias, San Jose, Costa Rica, June 27, 2004 (coordinated course and taught in Spanish)
- Air medical transport — III Congreso Internacional Medicina de Emergencias, San Jose, Costa Rica, June 29, 2004 (in Spanish)
- Introduction to emergency ultrasound — III Congreso Internacional Medicina de Emergencias, San Jose, Costa Rica, June 29, 2004 (in Spanish)
- Emergency ultrasound: Friend or foe — 17th Annual ultrasound and imaging seminar, Carolina, Puerto Rico, May 1, 2004 (in Spanish)
- Ultrasound guided management of cardiac arrest — 17th Annual ultrasound and imaging seminar, Carolina, Puerto Rico, May 1, 2004
- Ultrasound guided procedures in the emergency department — 17th Annual ultrasound and imaging seminar, Carolina, Puerto Rico, May 1, 2004 (in Spanish)
- Emergency ultrasound course — San Jose, Costa Rica, May 12-16, 2003 [coordinated and taught (in Spanish) course introducing ultrasound to emergency medicine in Costa Rica]
- Trauma ultrasound during air medical transport — AirAmbulance 2000, Athens, Greece, Sept 20, 2000
- Moderator, scientific session — AirAmbulance 2000, Athens, Greece, September 20, 2000
- Trauma ultrasound during air medical transport — AirMed 2000, Staavanger, Norway, June 21, 2000

Comparing US and European models of air medical transport — Physician pre-conference to AirMed 2000, Staavanger, Norway, June 19, 2000

National

Ultrasound in emergency medicine: state of the art & challenges. One of 4 invited physician speakers (only emergency physician) — Handcarried Ultrasound Summit of about 250 national thought leaders, Seattle, Washington, July 22-24, 2007
Using FAST to reduce errors – More than just trauma— UCSF High Risk Emergency Medicine, San Francisco, May 25, 2006

Aortic disasters — USC Resuscitation 2006, Las Vegas, March 7, 2006

Cricothyrotomy lab — USC Resuscitation 2006, Las Vegas, March 8, 2006

Surgical Frontiers, Lake Tahoe, March 5-6, 2006

Ultrasound techniques to improve your practice — UCSF High Risk Emergency Medicine, San Francisco, May 11, 2005

Ultrasound workshop — American Academy of Emergency Medicine National Conference, San Diego, February 16, 2005

Ultrasound-guided procedures workshop — USC Essentials of Emergency Medicine, Las Vegas, November 9, 2004

Ultrasound-guided emergency department procedures workshop — UCSF Topics in Emergency Medicine, San Francisco, October 27, 2004

A painful look at ocular trauma — UCSF Topics in Emergency Medicine, San Francisco, October 25, 2004

Probing new depths: emergency ultrasound's expanding role — American College of Emergency Physicians Scientific Assembly, San Francisco, October 20, 2004

Venous Ultrasonography Skills Labs (3 sessions) — American College of Emergency Physicians Scientific Assembly, San Francisco, October 18, 2004

Trauma Ultrasonography Skills Labs (3 sessions) — American College of Emergency Physicians Scientific Assembly, San Francisco, October 17, 2004

New approaches to treatable causes of PEA — UCSF High Risk Emergency Medicine, San Francisco, May 20, 2004

Traumatic brain injury — 24th Annual Mammoth Mountain Emergency Medicine Conference, Mammoth Lakes, California, March 9, 2004

Advanced airway management — 24th Annual Mammoth Mountain Emergency Medicine Conference, Mammoth Lakes, California, March 9, 2004

New approaches to treatable causes of PEA — 24th Annual Mammoth Mountain Emergency Medicine Conference, Mammoth Lakes, California, March 8, 2004

New technologies in emergency medicine — 24th Annual Mammoth Mountain Emergency Medicine Conference, Mammoth Lakes, California, March 8, 2004

Teaching procedures in emergency medicine — Society for Academic Emergency Medicine, Boston, June 1, 2003

Ultrasound workshop — American College of Emergency Physicians, New Orleans, April 26-27, 2003

Do we make a difference? Outcomes research in air medical transport — Critical Care Transport Medicine Conference, Las Vegas, April 14, 2002

- Ultrasound workshop — American Academy of Emergency Medicine National Conference, San Francisco, March 13, 2002
- Emerging technologies in air medical transport — Air Medical Transport Conference, September 24, 2001
- Cervical spine injuries — Critical Care Transport Medicine Conference, April 10, 2001
- Trauma ultrasound during helicopter transport — Air Medical Transport Conference, October 18, 2000
- Developing a research question — Critical Care Transport Medicine Conference, April 19, 2000
- Pediatric traumatic brain injury — Emergency Nurses Association, Denver, September 11, 1998
- Transporting traumatic brain patients — Critical Care Transport Medicine Conference, March 21, 1998
- Advanced technology: multimedia, digital photography, and Web authoring for emergency physicians — American College of Emergency Physicians, San Francisco, October 17, 1997
- Should flight nurses perform cricothyrotomy? — Critical Care Transport Medicine Conference, Atlanta, 1997
- Multimedia in emergency medicine— Society for Academic Emergency Medicine, Denver, 1996
- Regional and state
- Emergency ultrasound course — California American College of Emergency Physicians Scientific Assembly, Palm Springs, May 31-June 1, 2005
- Ultrasound guided procedures course — California American College of Emergency Physicians Scientific Assembly, Squaw Valley, May 29, 2004
- Advanced topics in emergency ultrasound course — Western Regional Society for Academic Emergency Medicine, Oakland, April 4, 2004 [coordinated course and taught Ocular & Testicular Emergency Ultrasound]
- New approaches to treatable causes of PEA — General Surgery Grand Rounds Bay Area Kaiser & Highland, July 2003
- Emergency ultrasound course — California American College of Emergency Physicians Scientific Assembly, June 11-12, 2003
- New uses of ultrasound — Oregon ACEP Winter Conference, Bend, February 4-5, 2003
- Cal/ACEP ultrasound course — June 11-12, 2002
- Trauma ultrasound workshop — UCSF High Risk Emergency Medicine, May 9, 2002
- New technologies in emergency trauma care — Northwest States Trauma Conference, May 3, 2001
- Preparing patients for transport — Northwest States Trauma Conference, May 3, 2001
- Burning issues in pediatric emergency care — Northwest States Trauma Conference, May 3, 2001
- Flights from hell: la parte dos — Oregon EMS state conference, September 16, 2000
- Conscious sedation — Oregon ACEP winter conference, February 9, 2000
- Ultrasound in emergency medicine lecture — Oregon ACEP winter conference, February 7, 2000
- Ultrasound in emergency medicine hands-on sessions — Oregon ACEP winter conference, February 7-8, 2000
- Flights from hell — Oregon EMS state conference, September 26, 1998

- Transporting traumatic brain injury patients — Northwest Trauma and Critical Care Conference, June 5, 1998
- Trauma ultrasound & use of CombiTube — Trauma conference, Emanuel Hospital & Health Center, May 11, 2000
- Pediatric cervical spine injuries — OHSU trauma outreach, Silverton Hospital and EMS, March 14, 2000
- Preparing medical multimedia presentations — Sisters of Providence Health System, September 10, 1999
- Traumatic brain injury — Emergency medicine grand rounds, Emanuel Hospital & Health Center, August 13, 1998
- Hazardous materials case studies — Albany General Hospital & EMS, September 21, 1998
- Computers in medicine — Kaiser Permanente Hospital South Sacramento, 1996
- Computers in medicine — UC Davis Medical Center, 1994 & 1995

Teaching

Residents

- Case studies in neurology — Highland, December 12, 2007
- Proctored Opal Taylor MD, MPH in elective including EM conference (see above) in South Africa and one month of teaching ultrasound to physicians and nurses at Red Cross/Red Crescent refugee camps in Tanzania — October/November 2007
- Journal club — Highland, October 18, 2007
- Case studies in gastroenterology — Highland, September 26, 2007
- Board review — Highland, September 12, 2007
- Grand rounds — Brown University emergency medicine residency, Aug 22, 2007
- Grand rounds — Harvard-affiliated emergency medicine residencies, August 21, 2007
- Resident R2 ultrasound course — Highland, July 26, 2007
- Journal club — Highland, July 19, 2007
- Case studies in otolaryngology — Highland, June 27, 2007
- Procedure lab: Vascular access — Highland, March 14, 2007
- Medical care of homeless patients — Highland, May 23, 2007
- Board review — Highland, May 9, 2007
- Procedure lab: Vascular access — Highland, March 14, 2007
- “Exam answers” — Highland, January 31, 2007
- Follow-up conference — Highland, January 18, 2007
- Case studies in gastroenterology — Highland, December 20, 2006
- Procedure lab: Airway — Highland, November 1, 2006
- Grand rounds, internal medicine: Emergency ultrasound — Highland, September 1, 2006
- Board review — Highland, October 11, 2006
- Journal club — Highland, August 17, 2006

Ultrasound physics & knobology — Highland, August 9, 2006

Resident R2 ultrasound course — Highland, July 27, 2006

Journal club — Highland, July 20, 2006

Regional anaesthesia — Highland, July 12, 2006

New intern ultrasound orientation — Highland, July 11, 2006

Grand rounds, general surgery Bay Area Kaiser & Highland: New approaches to treatable causes of PEA — June 22, 2006

UC San Francisco medicine interns: Ultrasound guided vascular access lecture & lab — San Francisco General Hospital, May 5 & 19, 2006

Board review — Highland, March 8, 2006

Procedure lab & lecture: ultrasound guided nerve blocks — Highland, November 2, 2005

Journal club — Highland, October 10, 2005

Followup conference — Highland, September 15, 2005

Procedure lab & lecture: cardiac pacing — Highland, September 7, 2005

Resident R2 ultrasound course — Highland, July 28, 2005

Board review — Highland, June 1, 2005

New approaches to treatable causes of PEA — General Surgery Grand Rounds Bay Area Kaiser & Highland, June 23, 2005

Grand rounds: new uses of emergency ultrasound — Columbia/St Luke's-Roosevelt, New York City, May 18, 2005

Journal club — Highland, March 17, 2005

Internal medicine noon conference: ultrasound-guided vascular access — Highland, March 14, 2005

Procedure lab & lecture: airway alternatives — Highland, March 9, 2005

Board review — Highland, April 6, 2005

Mock oral board examination — Highland, November 3, 2004

Followup conference — Highland, October 21, 2004

Grand rounds internal medicine: Emergency ultrasound — Highland, October 1, 2004

Case studies in abdominal pain: mesenteric ischemia — Highland, September 22, 2004

New uses of emergency ultrasound — Highland, September 22, 2004

Resident R2 ultrasound course — Highland, July 29, 2004

Board review — Highland, July 7, 2004

Introduction to emergency ultrasound — Highland, July 6, 2004

Traumatic brain injury — Highland, July 6, 2004

Ocular trauma — Highland, March 17, 2004

Journal watch — Highland, February 4, 2004

Journal club — Highland, January 15, 2004

Emergency medicine case conference (advisor)
Cool ultrasound tricks — Highland, December 3, 2003
Board review — Highland, November 19, 2003
Board review — Highland, October 1, 2003
Journal club & followup conference — Highland, September 18, 2003
Case studies in chest pain (pericardial disease) — Highland, August 13, 2003
Board review — Highland, August 6, 2003
R2 ultrasound course — Highland, July 25, 2003
New approaches to treatable causes of PEA — Highland, July 23, 2003
Intern ultrasound orientation — Highland, June 26, 2003
Medical multimedia in emergency medicine — Highland, June 18, 2003
Board review — Highland, June 11, 2003
Followup conference — Highland, March 20, 2003
Board review — Highland, March 12, 2003
New uses of emergency ultrasound — Grand Rounds UC Davis Medical Center, January 28, 2003
Journal club & followup conference — Highland, January 16, 2003
Board review — Highland, January 15, 2003
Board review — Highland, December 11, 2002
Case studies in stroke — Highland, December 4, 2002
Mock oral board examination — Highland, November 6, 2002
Case studies in abdominal pain (mesenteric ischemia) — Highland, October 23, 2002
Journal club — Highland, October 17, 2002
Board review — Highland, October 16, 2002
Followup conference — Highland, September 19, 2002
Journal club — Highland, September 19, 2002
Board review — Highland, September 11, 2002
Panel discussion of ED treatment of cardiac patients — Highland, September 11, 2002
Case studies in emergency ultrasound — Grand Rounds OHSU, August 21, 2002
Advanced airway procedure lab — Highland, August 7, 2002
R2 ultrasound training — Highland, July 25, 2002
Intern's approach to ultrasound — Highland, July 11, 2002
Pediatric Cspine injury — Highland, July 10, 2002
Intern's approach to Cspine injury — Highland, June 27, 2002
Followup conference — Highland, June 20, 2002
Journal club — Highland, June 20, 2002

Air medical transport — Highland, June 5, 2002

Board review — Highland, May 1, 2002

¿lecture? — Highland, April 17, 2002

Mock oral board review — Highland, April 10, 2002

Journal watch — Highland, February 6, 2002

Mock oral board examination — Highland, January 22, 2002

Journal club — Highland, January 17, 2002

Traumatic brain injury — Highland, November 21, 2001

Mock oral board examination — Highland, November 7, 2001

Case studies in abdominal pain (mesenteric ischemia) — Highland, October 24, 2001

Mock oral board examination — OHSU, May 23, 2001

Morbidity & mortality conference — OHSU, May 23, 2001

Intern ultrasound orientation — OHSU, July 26, 2001

Resident ultrasound primer (part 2) — OHSU, July 18, 2001

Resident ultrasound primer (part 1) — OHSU, July 25, 2001

Morbidity & mortality conference — OHSU & Life Flight Network, May 2, 2001

Mock oral board examination — OHSU, March 7, 2001

Intern case discussion — OHSU, February 1, 2001

Emerging technologies in emergency medicine — Highland General Hospital, January 24, 2001

Emerging technologies in emergency medicine — UC Davis Medical Center, January 23, 2001

International medicine — OHSU, January 3, 2001

Mock oral board examination — OHSU, October 10-11, 2000

Intern ultrasound orientation — OHSU, October 5, 2000

Trauma ultrasound — OHSU trauma conference, X, 2000

Capturing and managing medical images — OHSU, August 30, 2000

Trauma ultrasound — OHSU, July 5, 2000

Morbidity & mortality conference — OHSU & Life Flight Network, June 6, 2000

Air medical transport orientation and flight physiology — OHSU, June 6, 2000

Mock oral board examination — OHSU, April 25, 2000

Morbidity & mortality conference — OHSU & Life Flight Network, April 4, 2000

Morbidity and mortality conference — OHSU, March 21, 2000

Thrombolytics in the emergency department — OHSU internal medicine residents rotating through the ED, January 26, 2000

Intern ultrasound orientation — OHSU, October 6, 1999

Intern case discussion — OHSU, June 24, 1999

Transfusion therapy in trauma — UC Davis Medical Center, June 15, 1999
Air medical transport orientation and flight physiology — OHSU, June 1, 1999
Morbidity & mortality conference — OHSU & Life Flight Network, September 21, 1999
Trauma ultrasound training — OHSU, May 25, 1999
Mock oral board examination — OHSU, April 27, 1999
Intern Tintanelli chapter review — OHSU, April 6, 1999
Intern Tintanelli chapter review — OHSU, March 23, 1999
Emergency procedures cadaver lab — OHSU, February 23, 1999
Intern Tintanelli chapter review — OHSU, February 23, 1999
Morbidity and mortality conference — OHSU & Life Flight Network, December 1, 1998
Intern Tintanelli chapter review — OHSU, December 1, 1998
Mock oral board examination — OHSU, November 24, 1998
Cricothyrotomy lecture and lab — OHSU, November 10, 1998
Morbidity and mortality conference — OHSU & Life Flight Network, September 1, 1998
Pediatric traumatic brain injury — OHSU, August 25, 1998
Journal club, effectiveness of air medical transport — OHSU, August 20, 1998
Air medical transport and flight physiology — Highland General Hospital, June 10, 1998
Transporting traumatic brain injury patients — UC Davis Medical Center, June 9, 1998
Air medical transport orientation and flight physiology — OHSU, June 2, 1998
Morbidity and mortality conference — OHSU & Life Flight Network, May 5, 1998
Trauma ultrasound hands-on session — California EMRA Ultrasound Course — UCLA, May 2, 1998
Trauma ultrasound training — OHSU, April 14, 1998
Morbidity and mortality conference — OHSU & Life Flight Network, December 9, 1997
Cricothyrotomy lecture and lab — November 25, 1997

Medical students

Ultrasound 101 — Highland, October 17, 2007
Procedures course cadaver lab — UC San Francisco, October 15, 2007
Head injury — Highland, June 26, 2007
Ultrasound 101 — Highland, June 26, 2007
Ultrasound 101 — Highland, March 8, 2007
Proctored Lorenzo Machado MS4 (UCSF) research elective, June 2007
Pregnancy in trauma — Highland, March 6, 2007
Ultrasound 101 — Highland, February 8, 2007
Procedures course FAST — UC San Francisco, January 22, 2007
Ultrasound 101 — Highland, October 19, 2006

Ultrasound 101 — Highland, October 5, 2006

Ultrasound 101 — Highland, May 4, 2006

Vascular access lecture & lab for procedures course — UC San Francisco, April 9 & 25, 2006

Ultrasound 101 — Highland, September 28, 2005

Ultrasound 101 — Highland, August 25, 2005

Vascular access training for procedures course — UC San Francisco, March 6 & 20, 2005

Introduction to ultrasound — Highland, January 3, 2005

Introduction to ultrasound — Highland, November 5, 2004

Vascular access training for procedures course — UC San Francisco, October 27, 2004

Introduction to ultrasound — Highland, August 25, 2004

Introduction to ultrasound — Highland, July 28, 2004

Introduction to ultrasound — Highland, May 5, 2004

Introduction to ultrasound — Highland, April 1, 2004

Introduction to ultrasound — Highland, October 20, 2003

Introduction to ultrasound — Highland, September 22, 2003

Introduction to ultrasound — Highland, August 18, 2003

Introduction to ultrasound — Highland, May 27, 2003

Introduction to ultrasound — Highland, May 8, 2003

Introduction to ultrasound — Highland, March 27, 2003

Vascular access in procedures course — UC San Francisco, April 21, 2003

Introduction to ultrasound — Highland, January 30, 2003

Introduction to ultrasound — UC Berkeley/UCSF MD/MS program, January 27, 2003

Introduction to ultrasound — Highland, January 23, 2003

Introduction to ultrasound — Highland, December 5, 2002

Cervical spine injury — Highland, October 23, 2002

Introduction to ultrasound — Highland, October 17, 2002

Introduction to ultrasound & hands on — UC San Francisco, October 16, 2002

Cervical spine injury — Highland, September 24, 2002

Introduction to ultrasound — Highland, September 10, 2002

Introduction to ultrasound — Highland, August 8, 2002

Splinting procedure lab — UCSF/UC Berkeley students, February 25, 2002

Chest pain/AMI — OHSU, July 9, 2001

Cervical spine injury — OHSU, April 23, 2001

International medicine — OHSU, Associated Students for the Underserved, April 13, 2001

Cervical spine injury — OHSU, March 26, 2001

Cervical spine injury — OHSU, February 7, 2001
Cervical spine injury — OHSU, January 17, 2001
Emergency medicine is cool — OHSU emergency medicine interest group, October 26, 2000
Cervical spine injury — OHSU, September 13, 2000
Cervical spine injury — OHSU, July 12, 2000
Transition to clerkship — OHSU, June 29, 2000
Cervical spine injury — OHSU, April 25, 2000
Transition to residency — OHSU, March 27, 2000
Cervical spine injury — OHSU, March 7, 2000
Cervical spine injury — OHSU, October 5, 1999
Cervical spine injury — OHSU, August 24, 1999
Transition to clerkship — OHSU, July 1-2, 1999
Cervical spine injury — OHSU, June 8, 1999
Cervical spine injury — OHSU, May 18, 1999
Transition to residency — OHSU, March 29, 1999
Cervical spine injury — OHSU, March 23, 1999
Cervical spine injury — OHSU, February 9, 1999
Cervical spine injury — OHSU, January 12, 1999
Cervical spine injury — OHSU, December 1, 1998
Cervical spine injury — OHSU, November 3, 1998
Cervical spine injury — OHSU, October 6, 1998
Cervical spine injury — OHSU, September 15, 1998
Cervical spine injury — OHSU, August 11, 1998
Transition to clerkship — OHSU, July 1-2, 1998
Transition to residency — OHSU, March 31, 1998
Cervical spine injury — OHSU, February 10, 1998
Chest pain in the emergency department — OHSU, November 11, 1997

Nurses/paramedics

Minor traumatic brain injury — Samuel Merritt Physician Assistant School, September 27, 2005
Ocular trauma — Alameda County AMR paramedics, April 18, 2005
Traumatic brain injury — Samuel Merritt Physician Assistant School, November 11, 2004
Air medical transport — Alameda County AMR paramedics, November 19, 2003
Traumatic brain injury — Samuel Merritt Physician Assistant School, X, 2003
Trauma hemorrhage and shock — X Paramedic education program, X, 2003
Paramedic journal club — Bay Area paramedics, November 12, 2002

Traumatic brain injury — Alameda County AMR paramedics, September 16, 2002

Heat related emergencies — Hillsboro Fire Department, June 19, 2001

Advanced airway training — Life Flight Network, June 4, 2001

Pediatric traumatic brain injury — Hillsboro Fire Department, May 22, 2001

Case review — Life Flight Network, May 22, 2001

Case review — Hillsboro Fire Department, Midway Station, May 15, 2001

Invasive skills training — Hillsboro Fire Department, April 17, 2001

Invasive skills training — Hillsboro Fire Department, North Plains Station, March 22, 2001

Case review — Life Flight Network, March 20, 2001

Invasive skills training — Life Flight Network, February 26-27, 2001

Respiratory emergencies — Hillsboro Fire Department, February 21, 2001

Live animal invasive skills training — OHSU Paramedic School, January 31-February 1, 2001

Case review — Hillsboro Fire Department, January 30, 2001

Case review — Clackamas County Fire Department, January 26, 2001

Pediatric traumatic brain injury — Hillsboro Fire Department, December 19, 2000

Pediatric traumatic brain injury — MetroWest Ambulance, December 13, 2000

Advanced airway management training — Clackamas County Fire Department, December 8, 2000

Case review — Life Flight Network, November 28, 2000

Pediatric cervical spine injury — OHSU trauma nursing conference, November 18, 2000

Emerging technologies in emergency medicine — Emergency Nurses Association fall conference, November 6, 2000

Advanced airway management training — Washington County EMS, September 28, 2000

Pediatric traumatic brain injury — Gaston Fire Department, November 28, 2000

Case review — Life Flight Network, September 26, 2000

Flight physiology — OHSU Pediatric and Neonatal Doernbecher (PANDA) transport team, September 13, 2000

Case review — Clackamas County Fire Department, August 25, 2000

Case review — Columbia County EMS, August 21, 2000

Case review — Life Flight Network, August 1, 2000

Case review — Life Flight Network, June 27, 2000

Case review — Gaston Fire Department, May 15, 2000

Case review — Life Flight Network, April 25, 2000

Abdominal trauma and prehospital ultrasound — Pacific West EMS conference, April 7, 2000

Case review — Life Flight Network, March 28, 2000

Invasive skills training — Life Flight Network, February 29 and March 1, 2000

Case review — Life Flight Network, February 22, 2000

Prehospital trauma ultrasound — Portland Fire Bureau, February 14-15, 2000

Advanced airway management training — Multnomah County EMS, February 11, 2000

Live animal invasive skills training — OHSU Paramedic School, January 27, 2000

Nonaccidental trauma — Emanuel Hospital Children's Transport Team, January 20, 2000

Air medical transport — MetroWest Ambulance, January 20, 2000

Case review — Clackamas County Fire Department, January 19, 2000

Air medical transport — MetroWest Ambulance, December 16, 1999

Case review — Life Flight Network, November 30, 1999

Computed tomography of the head and abdomen — Emergency Nurses Association fall conference, November 8, 1999

Case review — Life Flight Network, October 26, 1999

Advanced airway management training — Washington County EMS, September 28-29, 1999

Case review — Life Flight Network, September 28, 1999

Pediatric traumatic brain injury — Greenacres Fire Department, September 16, 1999

Advanced airway management training — Washington County EMS, September 14-15, 1999

Flight physiology — Premier Jets DOT training, September 8, 1999

Air medical transport — Keizer Fire Department, September 2, 1999

Case review — Life Flight Network, July 27, 1999

Case review — Sandy Fire Department, July 21, 1999

Advanced airway management training — Multnomah County EMS, March 24, 1999

Pediatric traumatic brain injury — Emergency Nurses Association spring conference, March 8, 1999

Advanced airway management training — Multnomah County EMS, February 24, 1999

Live animal invasive skills training — OHSU Paramedic School, January 28, 1999

Air medical transport — MetroWest Ambulance, January 7, 1999

Case review — Life Flight Network, January 5, 1999

Kinetics of blunt trauma — Emanuel Hospital trauma nursing conference, December 9, 1998

Traumatic brain injury — Portland area EMS conference, December 8, 1998

Cricothyrotomy lecture and lab — Portland area EMS conference, December 8, 1998

Advanced airway management training — Multnomah County EMS, November 6, 1998

Advanced airway management training (directed course) — Washington County EMS, October 30, 1998

Advanced airway management training — Washington County EMS, October 23, 1998

Air medical transport — MetroWest Ambulance, September 17, 1998

Case review — Life Flight Network, August 18, 1998

Advanced airway management training — Washington County EMS, July 16, 1998

Advanced airway management training — Washington County EMS, July 10, 1998

Adult and pediatric traumatic brain injury — Portland Fire Bureau, June 15, 1998

Hazardous material case studies — Ontario, Oregon EMS, May 12, 1998

Advanced airway management training — Multnomah County EMS, March 6, 1998

RSI and the difficult airway — Life Flight Network annual DOT training, January 6, 1998

Cervical spine injuries — Life Flight Network annual DOT training, January 6, 1998

Hazardous material case studies — EMS and disaster planning groups, November 20-21, 1997

Cricothyrotomy lecture and lab — Life Flight Network, September 24, 1997

Spinal shock — Life Flight Network, September 3, 1997

Community physicians

Ultrasound courses 2007: Valley Emergency Physicians, held at Highland, Good Samaritan Health physicians (Oregon) mini-fellowship at Highland, Ukiah, CA, Kaiser SF & UCSF mini-fellowships at Highland, Placerville, Sacred Heart Medical Center, Corvallis, OR, Highland, Oakland

Grand Rounds: new uses of emergency ultrasound, Kaiser Santa Rosa Department of Emergency Medicine, June 22, 2005

Ultrasound courses 2005: Northwestern Medical Center, Vermont; Emanuel Medical Center, Turlock, CA; Oregon Health & Science University, Portland; Contra Costa Regional Med Center x 2, Martinez, CA; UCSF mini-fellowship, San Francisco & Oakland; Sacred Heart Medical Center, Corvallis, OR; Highland, Oakland

ATLS/ACLS

ATLS airway lecture & lab — Highland, June 2, 2006

ACLS acute coronary syndrome — Highland, February 8, 2006

ACLS acute coronary syndrome — Highland, January 5, 2005

ATLS airway management, skills station & practical — UC Davis Medical Center, July 9, 2004

ATLS head injury & skills station — San Francisco General Hospital/UCSF, November 8, 2003

ATLS airway management, skills station & practical — UC Davis Medical Center, March 27, 2003

ATLS airway management & skills station — San Francisco General Hospital/UCSF, February 1, 2003

ACLS acute coronary syndrome — Highland, January 8, 2003

ATLS airway management, head injury & practical — UC Davis Medical Center, April 22-23, 2002

ACLS acute coronary syndrome — Highland, January 9, 2002

ACLS shock/AMI and tachycardia with pulse — OHSU, July 26, 2001

ATLS airway management, cervical spine injury & animal lab — Emanuel Hospital April 16-17, 2001

ATLS thoracic trauma & skills station — OHSU, March 23, 2001

ACLS PEA and asystole — OHSU, July 20, 2000

ATLS pediatric and pregnant patients & animal lab — Emanuel Hospital, July 14, 2000

ATLS moulage cases — Emanuel Hospital, July 10, 2000

ATLS airway management & animal lab — Emanuel Hospital, April 27, 2000

ATLS airway management — Emanuel Hospital, December 6-7, 1999

ATLS airway management & moulage cases — OHSU, November 20, 1999

ACLS tachycardia and bradycardia — OHSU, September 24, 1999

ACLS tachycardia and bradycardia — OHSU, July 22, 1999

ACLS shock and hypotension — OHSU, June 21, 1999

ACLS tachycardia and bradycardia, and PEA — OHSU, April 9, 1999

ATLS airway management & moulage cases — Harborview Hospital, February 5-6, 1998

ATLS airway management & moulage cases — Emanuel Hospital, December 3-4, 1998

ACLS — OHSU, September 24, 1998

ACLS special topics — OHSU, July 23-24, 1998

ACLS — OHSU, July 14, 1998

ACLS — OHSU, June 18, 1998

ACLS mega codes — OHSU, March 24, 1998

ACLS environmental and pregnancy resuscitation — OHSU, July 25, 1997

Research presentations

Smithson J (presenter, oral presentation), Dubowitz G, Bickler P, Price D. Ventilation Unchanged by presence of intracranial hypertension in unacclimatized Trekkers at altitude. Fourth Mediterranean Emergency Medicine Congress (MEMC IV), Sorrento, Italy, September 15-19, 2007

Optic nerve sheath ultrasonography: A novel method for assessing intracranial pressure in acute mountain sickness. Society for Academic Emergency Medicine, New York City, May 25, 2005 and 1st World Congress on Ultrasound in Emergency & Intensive Care, Milan, Italy, June 11-13, 2005

Emergency department ultrasound for the diagnosis of maxillary sinus fluid. American College of Emergency Physicians national meeting, San Francisco, October 2005 and 1st World Congress on Ultrasound in Emergency & Intensive Care, Milan, Italy, June 11-13, 2005

The role of ultrasonographic common bile duct measurements in cholecystitis. 1st World Congress on Ultrasound in Emergency & Intensive Care, Milan, Italy, June 11-13, 2005

The performance of emergency ultrasound and urinalysis in the detection of nephrolithiasis. 1st World Congress on Ultrasound in Emergency & Intensive Care, Milan, Italy, June 11-13, 2005

Effect of head rotation on vascular anatomy of the neck: An ultrasound study. Society for Academic Emergency Medicine, Orlando, May 2004 and 1st World Congress on Ultrasound in Emergency & Intensive Care, Milan, Italy, June 11-13, 2005

Effect of reverse Trendelenburg position on femoral vein cross-sectional area. Society for Academic Emergency Medicine, June 2, 2003 and 1st World Congress on Ultrasound in Emergency & Intensive Care, Milan, Italy, June 11-13, 2005

Ultrasound improves success and learning of ABG sampling by medical students — Oral presentation, Society for Academic Emergency Medicine, Orlando, May 17, 2004

Anatomic survey of external landmark method for placement of internal jugular catheters with ultrasound. Society for Academic Emergency Medicine, Orlando, May 2004

Injury mortality following the loss of air medical support for rural interhospital transport. Air Medical Transport Conference, September 25, 2001 (Outstanding Research Award)

Out-of-hospital administration of unmatched blood for critically injured patients. Air Medical Transport Conference, September 25, 2001

The use of side-stream end-tidal CO₂ during helicopter transport. Critical Care Transport Medicine Conference, April 9, 2001 (2nd place award)

The feasibility of trauma ultrasound during air medical transport. SAEM Western Regional Conference, April 29, 2000

The feasibility of trauma ultrasound during air medical transport. Critical Care Transport Medicine Conference, April 17, 2000 (Outstanding Research Award)

Out-of-hospital administration of unmatched blood for critically injured patients. American College of Emergency Physicians national meeting, October 11, 1999

The safety of etomidate for rapid sequence intubation in pediatric patients — American College of Emergency Physicians California meeting, 1996 (3rd place award)

Editorial appointments

Grant reviewer — Foundation for Air Medical Research, 2001-2002

Reviewer — abstracts for Critical Care Transport Medicine Conference scientific assembly, 2000-2002

Reviewer — abstracts for Air Medical Transport Conference scientific assembly, 1999-2001

Service

National

Member, Taskforce on ultrasound in developing countries, National Institutes of Health. Chaired by Hector Lopez, PhD

Oral Board Examiner, American Board of Emergency Medicine, 2006 to present

Director of International Ultrasound, Ultrasound Interest Group, American College of Emergency Physicians, 2007 to present

Air Medical Physicians Association — Board member, 2000 - 2002

Foundation for Air Medical Research — Board member, 2001 - 2002

Critical Care Transport Conference — Chair scientific assemblies, 2000, 2001, 2002

Association of Air Medical Services — Board member and research chair, 1997-1998

Air Medical Transport Conference — Chair scientific assembly, 1998

Society for Academic Emergency Medicine — 1997-present; Member, ultrasound special interest group

American College of Emergency Physicians — 1996-present; Member, ultrasound special interest group

Institutional

Active member, Institutional Review Board — 2005

Member, Physician Wellness Committee — 2005 to present

Co-chair, Bioterrorism Committee — 2001 to present

Created and direct, Emergency Ultrasound Fellowship — 2002 to present

Advisor, International Emergency Medicine Interest Group — 2007 to present

Created and coordinated emergency ultrasound medical student elective — 2003 to present

Led international medicine medical student elective (El Salvador) — February 2003

School of Medicine applicant interviews — 2000 to present

Association of Students for the Underserved — assisted planning and implementation of medical materials recycling for use in developing countries, 2001

Medical careers day for middle and high school students — OHSU, June 28, 2001

High school careers class student shadow — May 27, 2000

Principles of Clinical Medicine first and second year medical student proctor — OHSU Fall 98, Winter 98-99, Spring 99, Summer 99, Fall 99

MedStar high school student shadow — July 19-20, 1999

Departmental

Developed web-based digital image/video database — 2002-2003

Planning and implementation of transvaginal ultrasonography in the OHSU emergency department — 2000-2001

Faculty trauma ultrasound hands-on training— OHSU, January 20, 1998

Planning and implementation of digital photography in the emergency department

Developed Web site for UC Davis Division of Emergency Medicine and UCDCMC Life Flight — 1996-1997

Community

Presentation to Rotary International regarding ultrasound in developing countries, resulting in full funding for planned trip to Bolivia in 2008 with fellow Carmen Partida and resident Tom Wallin. San Diego, June 6, 2007

Ultrasound & geometry (lecture + hands-on), Grade 4, Berkwood Hedge School, Berkeley, April 6, 2007

Worked in mountain community in OR, ultrasound teaching and sundry help & with health promoters — Doctors for Global Health and Maria Luisa Ortiz Women's Health Center in Mulukuku, Nicaragua, November 2004, November 2005, and February 2007

Ultrasound & geometry (lecture + hands-on), Grade 4, Head Royce School, Oakland, December 5, 2006

Ultrasound course & program development for Tanzania Red Cross for 8 refugee camps near Kigoma, Tanzania, September 16-25, 2005

Ultrasound & geometry (lecture + hands-on), Grades 3 & 4, Berkwood Hedge School, Berkeley, March 28, 2005

Worked in mountain community in clinic & with health promoters — Doctors for Global Health project in El Salvador March – April, 2002; February 2003

Medical care to homeless youth with UCSF/UC Berkeley medical student — Berkeley Youth Clinic, monthly summer 2002 to 2004

Emergency ultrasound courses for groups in Ukiah, Novato, UCSF, Sacramento, Eureka — 2002-2003

Ultrasound consultation — Silverton Community Hospital Emergency Department, August 8, 2001

Emergency ultrasound — Catlin Gabel School (Portland), May 24, 2001

Area Trauma Advisory Board, Systems Audit Group — Portland, 2000 to 2001

Emergency medicine and transport medicine careers — Portland area high school career day, October 24, 2000

A day in surgery (ultrasound station) — Catlin Gabel School (Portland), May 15, 2000

Cops & Docs gun violence education — Parkrose High School (Portland), November 29, 1999

Emergency physician for athletes & officials — Women’s World Cup (Portland), June 23, 1999

Cops & Docs gun violence education — Parkrose High School (Portland), April 29, 1999

Volunteer emergency physician — David Matthews Band concert (Portland), November 3, 1998

Treating people with head injuries — Southern California lifeguard annual meeting, June 29, 1998

Volunteer emergency/trauma physician — Rose Festival Indy Car Race (Portland), June 21, 1998

Interactive discussions with hundreds of students about gun violence — John F. Kennedy High School (Sacramento), 1997

Developed manuals for portable clinical laboratory used by organizations such as the UN and WHO (with Margaret Coles, MT) — 1992-1996

Volunteered in rural clinic — Guaymas, Mexico, 1991

Interactive discussions with hundreds of students about HIV, contraception and drug use — 1989-1991

Coordinated fund raising for renovation of low income clinic — Redlands, California, 1989

Assessed malnutrition and helped Haitian development organization establish nutrition center — Fond-des-Blancs, Haiti, 1986-1987
